OVERVIEW

NS2 Serves™ is an independent, nonprofit 501(c)(3) organization established by SAP National Security Services, Inc. (SAP NS2®) to give back to the community it serves by training and employing veterans in high-tech careers. The course is open to post-9/11 U.S. military service veterans and reservists (including disabled veterans), service members with orders to leave active duty, and Gold Star spouses who meet certain eligibility requirements.

As its signature initiative, NS2 Serves is offering training and employment assistance to those who have served our nation. The full-time course offers participants training in world-class software solutions that support U.S. national security needs and commercial enterprises. The training leads to certifications that are valuable in many career paths worldwide.

WHAT'S THE PROGRAM?

During the intensive three-month course, trainees report Monday through Friday, 8:00 a.m. to 6:00 p.m., and undergo the following training:

▸ Extensive training and certification in SAP HANA, SAP Data Services and SAP Business Objects Web Intelligence.
  Trainees learn modeling and data management – how to model, extract, load, analyze and report on data in ways that prepare them for careers as a business analyst, BW technology, consultant or business process owner.

▸ Presentation and communication skills

▸ Access to an exclusive job fair with potential employers and additional job placement assistance

▸ Design thinking – how to develop creative ideas to address business challenges

WHAT WE DO

We provide rigorous, world-class training to help propel veterans into new, full-time careers.
NS2 Serves graduates are eligible for competitive positions with more than 10,000 SAP partners.

53% of post-9/11 veterans will face a period of unemployment.

While national unemployment rates have declined, the on-the-ground reality is that more than half of our veterans enter a period of unemployment upon transition.

Unemployment rates for post-9/11 veterans ages 25-34 in 2015

WOMEN 7.1%

MEN 5.5%
